**IMPORTANT TO PILOTS**—The following order relating to the Chesapeake and Virginia pilots has been issued by Gov. Peirpont:

THE COMMONWEALTH OF VIRGINIA,  
EXECUTIVE DEPARTMENT,  
ALEXANDRIA, Va., May 13th.

It is represented to me, on authority on which I rely, that the Virginia pilots in the waters of Elizabeth River, Hampton Roads, James River, York River, &c., have abandoned their business, and have not kept boats as required by law, for the term of four years, whereby they could or would render service to the navy of the United States and the commerce of the same; and whereas, the navy and commerce of the United States requires the aid and encouragement of faithful pilots; and whereas, Rear Admiral Porter is issued an order, dated December 5th 1864, authorizing the Chesapeake Bay pilots to pilot Government vessels in said waters, I can see no reason why that order should not continue in force; and in addition thereto, I, Francis H. Pierpont, Governor of Virginia order that said Chesapeake pilots be permitted, and that they do extend their services to vessels engaged in carrying commerce in the waters above named until further ordered.

Persons not authorized as Chesapeake or Virginia pilots will be punished for violating the pilot laws of the State

FRANCIS H. PIERPONT,  
Governor of Virginia, &c.

The Richmond Times says:—"The theory which President Johnson has enunciated, and to which he has pledged his administration, is that a State cannot go out of the Union; that the States of the South are neither colonies nor conquered provinces, but that they are States, under the Constitution; that we are one Government. With this view of the question the States of the South remain as they were; not a single State has been destroyed, and whatever rights belonged to them under the Constitution still adhere, the fundamental law of the land being the grand regulator. Whatever amendment may hereafter be made to the Constitution, of course, is an independent question."

Among the witnesses examined in the assassination trial, on Tuesday, was Mr. Browning, the Private Secretary of President Johnson, who said that, on the evening of the assassination, he found in his letter box a card, addressed to President Johnson, with the words upon it: "Don't wish to disturb you; are you at home? J. Wilkes Booth." Major Knox and Sergeant Hutter testified that, on the thirteenth of April, the residence of the Secretary of War was illuminated in honor of the recent victories. General Grant, his wife, and others, were in the house at the time. O'Laughlin, whom the witness now identified, had intruded into the house, and in response to a question, said he was a lawyer and very well acquainted with Secretary Stanton. O'Laughlin appeared to be drunk, and made especial inquiry to have a look at General Grant.

On Sunday morning the steaming General Stewart, Capt. Charles R. Jones, ran through Hatch Gap Canal, drawing eleven and a half feet water. This is the first vessel that has passed through this much talked of canal.
